- If we have any queries about your application, our Central Admissions team will contact you for further information.

STEP THREE

To accept your place on the course you will need to meet all the remaining conditions, including payment of the deposit/ registration fee or proof of government sponsorship. Only once all conditions have been met, can your place be confirmed, although once the deposit is paid we will hold a place for you.  

- Please note that if you require a visa to study with us, you may need to provide additional evidence to comply with the visa regulations in the country of study. These are the requirements of the government and not of FoundationCampus. Your assistance in meeting these requirements is much appreciated.

"The best thing about FoundationCampus is the support we receive. I met my tutor once or twice every term, just to check that everything was alright and that I didn't have any issues to raise. It was helpful to have this time with her. The environment helps greatly since everyone is new to this and we are all trying to meet new people. The programme builds a foundation of education to enable you to progress onto your degree feeling much more confident."
